

Colors & Rainbows

Game: Little Mouse

Cut out the mouse image above. Then use colored paper to make different colored houses. Hide the mouse behind a house and play with this rhyme.

Little mouse, little mouse
What's your favorite colored house?

Have your child guess until they find the mouse, then they get to hide it for you to find.
Repeat

Dance: The Spectrum Song

Dance to The Spectrum Song from An Adventure in Color, written by the Sherman Brothers for Disney's Wonderful World of Color.

Action Rhyme: The Color I See

Follow the actions, repeat and change the color

Red, red is the color I see
If you're wearing red then show it to me
Stand up
Take a bow
Turn around
And sit back down on the ground

Science: Color Mixing

Supplies needed: Vegetable Dyes, Water, Clear Glasses

Instructions: Make three glass of colored water: Red, Yellow & Blue

Predict what will happen when you pour two colors into an empty glass. (Example: Yellow and Blue)

Pour some of the two colors into a new glass.

Did you guess correctly?

Continue with other colors

Song & ASL: I Can Sign a Rainbow

Watch the video below and practice the colors in American Sign Language. Can you do the signs?

Literacy Tip:

Provide materials for writing and drawing pictures. Draw pictures with your child and have them tell you all about their picture. Help your child sign their artwork.

The letter C

Trace the large letter C below.

What sound does the letter C make?

What are some words that start with C?

C c

Bedtime Math

Bedtime Math is a website and an app that gives you a math problem you can do with your little one before bed. Their goal is to make math fun and interesting. Check out their daily math problems below:
